PROFESSIONAL SUMMARY

Experienced **Laravel Developer** with over **4 years of hands-on expertise** in building dynamic, secure, and high-performance web applications using **Laravel, PHP, MySQL**, and **RESTful APIs**. Skilled in leveraging Laravel's ecosystem to develop modular, maintainable backend systems, implement middleware, and manage Eloquent ORM efficiently. Adept at integrating third-party services, optimizing database queries, and applying advanced security practices.

Collaborative and Agile-oriented, with a strong track record of delivering feature-rich solutions that meet client requirements and scale with business needs. Passionate about clean code, performance optimization, and staying up to date with Laravel advancements and modern PHP practices.

EXPERIENCE

Laravel Developer

Swipewire Technologies Pvt Ltd — *Aug 2023 – Present*

Key Responsibilities & Achievements:

- Developed and maintained robust **Laravel-based web applications**, ensuring **code efficiency, scalability**, and cross-platform compatibility in alignment with modern development standards.
- Collaborated with **UI/UX designers, product managers, and QA teams** to define, design, and deploy new features, while adhering to **Agile methodologies** and industry best practices.
- Enhanced **application performance** by refactoring backend logic and optimizing **MySQL database queries**, implementing **caching strategies** (e.g., Redis) to significantly reduce load times and improve user responsiveness.
- Integrated multiple **third-party APIs and services** (e.g., payment gateways, SMS/email services), ensuring smooth interoperability and extending the core functionality of the applications.
- Proactively identified and resolved **performance bottlenecks and security vulnerabilities**, ensuring high availability, data protection, and a seamless user experience across platforms.
- Led and participated in **code reviews**, mentoring junior developers and promoting clean, maintainable, and reusable code through knowledge sharing and technical guidance.
- Fostered a **collaborative learning culture**, contributing to the continuous improvement of team processes, deployment practices, and development workflows.

PHP Developer

SocialBytes Technologies Pvt Ltd — *Apr 2021 – Jul 2023*

Key Responsibilities & Achievements:

- Designed and developed **dynamic, high-performance web applications** using core **PHP**, ensuring cross-device compatibility, responsive behavior, and optimal speed.
- Collaborated with **frontend developers** to integrate **server-side logic** with intuitive user interfaces, delivering **user-friendly, interactive** applications that aligned with client expectations.
- Enhanced **database performance** through efficient **SQL query optimization** and schema design, significantly improving data retrieval and backend processing speeds.
- Implemented comprehensive **data security protocols**, including **encryption**, **input validation**, and **secure authentication mechanisms**, to safeguard sensitive user data and prevent unauthorized access.
- Provided ongoing **technical support and debugging**, swiftly identifying and resolving application issues to maintain **high availability** and minimize downtime.
- Conducted **rigorous testing and QA procedures**, ensuring application stability and reliability throughout all development phases.
- Participated in the **entire software development lifecycle (SDLC)** — from **requirements gathering** and planning to **coding, testing**, and deployment — aligning deliverables with business goals and user needs.
